TO WHOM SO EVER IT MAY CONCERN

We are issuing this letter as an Appreciation Note for the services provided by M/s. C.M. ENTERPRISES for our plant at Andheri. They have installed water filter for our canteen. This unit was installed in year 2006 and upto current date it is in working condition. We would like to stress on the feature that, during the tenure machine has not given any major breakdowns. As well as we received prompt servicing of the units from the vendor on regular basis.

We appreciate their attitude & training of the staff which are in regulated manner & providing excellent results towards servicing of the units.

Thanking you.

Yours sincerely,

AMIT JADHAV
